

LOW STRESS STOCKHANDLING SCHOOL

"To make the world a Better Place for People and Animals"

Low Stress Stockhandling. What's it all about?

- It's about making a difference, and 'making the world a better place for people and animals'
- It's about attitude
- It's about production, profit and people
- It's about enjoying what you are doing and the results that you get
- It's about work place safety
- It's about the rural industry and it's future
- It's about creating a workplace 'attitude'
- It's practical and 'doable'
- It can achieve results quickly
- It's user friendly, for all ages
- It's two days that can change the way you 'see and do' stockhandling
- It's Australia wide
- It's about looking after the valuable assets in the rural business - the people
- It WORKS!
- Only the original *Low Stress Stockhandling* schools can promise you this

A LSS school is a remarkable 2-day program that can leave you wanting to do stock work, seeing the economic benefits in the kilos gained and the ease in which stockhandling can be achieved. See how to make more \$\$\$\$ from your stock.

Before it is possible to get our animals in the right frame of mind we first have to get our mind and attitude right.

As Low Stress Stockhandling travelled extensively throughout Australia and overseas, conducting workshops, we have observed some extremely competent stockmen and women.

Wherever we go we see a familiar pattern emerge in the way people work animals.

No matter what the situation people are handling animals in, either mustering, yard work, processing, loading trucks, dairying or through slaughterhouses, there is a common theme or pattern, we work with our own instincts.

While this achieves a result quite often, i.e. most of us manage to get our animals to the yard; it is not always a way in which it is conducive to low stress on the animal and us.

LSS can help you achieve calm, confident management of livestock in all situations.

Schools cater for someone who has little or no experience in handling stock as well as highly competent stockpeople.

Jason Simms - 0447 074 429

Jason was born in Western Australia and spent his primary school years on his families cattle station in the Kimberley region. After finishing high school in Charters Towers he went to work on several different cattle properties across Queensland and the Northern Territory.

In 2011 Jason completed his first LSS Pty.Ltd. school with Jim Lindsay and began a dedicated journey to implementing his learnings. Together with his wife Hannah they spent the next 14 years overseeing and managing extensive breeding operations in North Queensland experiencing extraordinary success from implementing the LSS Pty.Ltd. principles in the workplace.

Jason believes the benefits to staff, herd performance, safety and the bottom line using this approach are massive. Sharing his knowledge with others feeds his passion to learn more about animals while helping create profitable and rewarding outcomes for people and animals.
